REMARKS

By the Notification of Non-Compliant Amendment dated June 27, 2008, applicant was advised that Claims 79-113 should all be identified as canceled, with none of them pending, and not identifying claims 79, 85, 87, 91, and 101 as pending claims, when in fact, they had been previously canceled.

By this response, Applicant has identified all the claims between 79-113 as canceled.

Respectfully submitted,
